

THE UNIVERSITY OF WOLLONGONG

Research Report

1988-89

content

Water Engineering and Geomechanics	4
In Pursuit of Intelligent Materials	6
Exercise, Strain and Fitness	8
Engineering and Industrial Mathematics	10
Quaternary Research	12
Social and Psychological Health	15
Electronic and Vibrational Properties of Solids	16
Computing Science	19
Fossil Fuels	20
Advanced Manufacturing Technology	22
Management Strategy and Organisational Change	25
Studies in Performing Arts	26
Industrial Automation	28
Advanced Telecommunications	30
Literature and the Colonial Legacy	32
Accountability and Financial Reporting	34
Applied Cognitive Studies	35
Bioactive Molecules	36
Biological Macromolecules	38
Advanced Materials	40
Educational Policy	42
Science and Technology Policy	44
The Life Sciences in the Social Context	46
Nature and Dynamics of Science and Technology	48
Information Technology in its Social Context	50
Labour Market Analysis	51
Structural Engineering and Construction	52
Equity in Education	54
Geological Evolution of the Tasmanides	56
Bulk Materials and Physical Processing	58
Australian Flora and Fauna	60
<hr/>	
Other Research Work	62
<hr/>	
Research Publications	
Faculty of the Arts	71
Faculty of Commerce	76
Faculty of Education	78
Faculty of Engineering	81
Faculty of Mathematical Sciences	84
Faculty of Science	86
Research Centres	90
