Faculty of Science
AUGUST 2007

What's new?
- 76 new books were purchased last month for the Faculty of Science. To view the titles select the New books link on the Library's homepage at www.library.uow.edu.au
- The first release of the 2006 Census data is now available from the ABS (Australian Bureau of Statistics) website. By accessing the site from the Library's Databases page you will not use any of your internet quota.

Try the database Science Direct

Science Direct includes a range of reference material that is available online, 24/7. It includes:

- Comprehensive Medicinal Chemistry II edited by John B Taylor and David J Triggle. This title comprises the most recent, authoritative and comprehensive work on contemporary medicinal chemistry and drug research.

- Encyclopedia of Quaternary Science edited by Scott A Elias. This provides a broad range of up-to-date articles on all the major topics in this area of the Earth Sciences.

For more Science databases check out the Databases link for Science under Databases by Faculty.

Hints and tips
Remember to use truncation to search for all the different endings of a word. Check the Tips link in the Databases list to find the truncation symbol for your chosen database. For example in the Library catalogue, type environ** to search for environment, environments, environmental, environmentalism simultaneously.
