

**Best Practice** is a completely new concept in medical decision-support information. It includes **10,000 diagnoses**, **over 3,000 diagnostic tests**, and **4,000 diagnostic and treatment guidelines** with seamless links to the drug reference database - **Martindale**.

## Diagnose

Use our **assessments** and condition topics for **differential diagnosis** tables and detailed clinical, imaging, and laboratory diagnostic algorithms.

## Treat

Use our **condition** topics for **step-by-step** management guidance, links to latest **guidelines**, and detailed research **evidence**.

## Manage

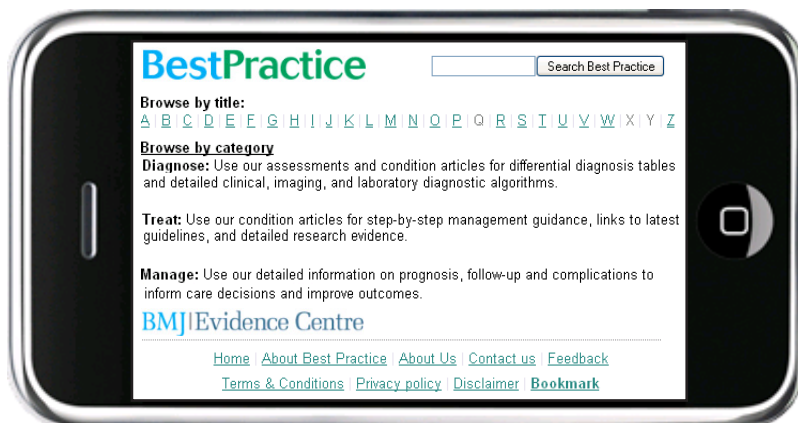

Use our detailed information on **prognosis**, **follow-up** and **complications** to inform care decisions and improve outcomes.

Now you can access **Best Practice** from the comfort of your home or on your mobile phone.

Simply **Register** for a **“My Best Practice”** account today!

1. Click **“My Best Practice”** on the home page
2. Click **Register** for your own personal account
3. Fill out your details on the registration page
