Scopus

Scopus, the largest citation and abstract database of international peer-reviewed literature and patents, is now available to all UOW staff and students. Scopus covers scientific, technical, medical and social sciences literature as well as arts and humanities. Advanced research features include tracking and analysis tools for identifying cited references, authors and publications.

Updated daily, Scopus offers:

- 13,950 new records per day
- 19,000,000 records from more than 5,000 international publishers, including coverage of:
  - 15,000+ peer-reviewed journals
  - 350 book series
  - 35,000 conference proceedings
- Extensive reference coverage

Access to the databases and catalogue is

FIRST USE

The Library’s database web pages have been changed to improve navigation, access and searching options. It is now possible to search for and access databases by name (alphabetical list), journal title (through the A - Z list) or be found by using Search Guru or the Classic Catalogue searches across multiple databases simultaneously.

Scopus was selected as the sole citation provider by the Australian Research Council (ARC) for the Excellence in Research for Australia (ERA) initiative. Funding for Scopus, which has been licensed as part of a UOW National purchasing arrangement, has been generously provided by the Vice-Chancellor.

As a researcher you can use Scopus:

- Find out who is citing you, and how many citations an area of interest.
- Use the refine results feature to quickly see the main journals, disciplines and authors that publish in your area of interest.
- Check out the work and citations of other authors.
- Click on the cited by and reference links to track research trends and make connections.

Research Online hosts first conference

Research Online now has a conference hosting module which can be used to showcase and archive conferences including: general information, programs, conference papers and other media. The first conference hosted was the Future of Learning Design Conference held on December 10, 2009. Go to http://ro.uow.edu.au/conf?

You are invited to

hosting a conference?

Do not hallucinate.

KATHRYN HARDEN-THEW

Client Profile

Kathryn Harden Thew has been at the University of Wollongong since January 2010 as a Research Assistant. Prior to commencing her PhD studies, Kathryn had worked closely with research assistants and academics in the Faculty of Arts Research Office. Now I’m doing PhD, it’s really fun when you can plan your own research.

When I started my courses, I saw myself working in front of a committee but I think planning the time to neighbouring to classroom teaching better prepared. I saw myself taking the research assistants and academics. However, with each stage - first stage - I found myself teaching research students and assisting.

My research interests lie in the area of TESOL (Teaching English to Speakers of Other Languages), focusing on New Zealand English language learners (NZELs) and New Zealand Newcomers (NZNs). The former group consists of English language learners with country of birth outside of New Zealand whereas the latter group consists of English language learners with country of birth within New Zealand.

“This morning I attended the launch of the replacement program for the IUL program. It is outstanding, and deals with many of the issues we discuss and grumble about around the lunch table in the tearoom.”

A/Prof Damien Considine, Law

**GIVING HDR STUDENTS THE RESEARCH EDGE**

Research Edge, the online tutorial designed to assist with the development of advanced research skills for postgraduate students has been given a fresh look for Autumn Season.

**Hands-on workshops for HDR students**

Undertaking a Masters by Research or Doctoral qualification calls for an excellent reference to the literature. In Autumn 2010, in partnership with the Research Student Centre provides hands-on workshops for the Higher Degree Research (HDR) Seminar series. The next Library workshops in the series are:

- **Tuesday, 13 April**
  - Patent Searching
  - 2.00 – 4.30pm
- **Thursday, 29 April**
  - Advanced Searches
  - 2.00 – 4.00pm
- **Wednesday, 28 April**
  - Endnote Part 1
  - 11.00am – 1.30pm
- **Monday, 3 May**
  - Endnote Part 2
  - 2.00 – 4.00pm

Register with Mari Dwarte by email: mdwarte@uow.edu.au for more information, visit: www.library.uow.edu.au Library > Information for > Researchers > Research Edge

**NEW RESOURCES FOR 2010**

- **Moore Society of Engineers: Mechanical Engineers Journal Collection**
- **Internet Engineering Collection** (provides online access to the Institute of Engineering, Australia journal collection and conference proceedings)
- **Institution of Civil Engineers (UK): ICE Virtual Library** (provides access to the full text of proceedings titles from the 1800s)
- **Museum journal backfile** (provides online access to Museum journal backfile 2008-2001 and the previous Australian literary journals)
- **Thomson Law Journals Collection 2 (supplements data available to the Legal Information Division) and includes titles such as the Australian Law Journal, Australian Journal of Agricultural Law, Nature Research Journals**

**PRACTICE MAKES PERFECT**

Individual or group presentations are a popular method of communication among researchers in the library. This year the Library now offers, with 8,388 pages digitised to date.

**To book these rooms, go to:** www.library.uow.edu.au/uowlibraries/Archives website.

**DIGITISATION UPDATE**

The Digitisation of Campus News is now complete with all editions from 1975 to 2011 now available from the Digital Archives website.

**To get:**

Go to: www.library.uow.edu.au/digitalrepositories/
