Introduction
This guide shows how to import references from Proquest databases, such as Proquest Central, Accounting & Tax Database, and Snapshot Series to EndNote using Internet Explorer. Instructions using other browsers may vary.

Importing citations from Proquest databases
1. Tick the boxes for the records to be imported to the EndNote library.
2. Click the Export link (above the list of search results)
3. Click Export directly to ProCite, EndNote or Reference Manager.
