

ENDNOTE X7

Download & Installation Instructions for Mac Users

STEP 1

Click on the link to begin the process: [EndNote X7 for Mac](#)

STEP 2

You will be taken to a UOW Library webpage that requires you to authenticate with your UOW username and password. Enter your details and click on the Log In button.

Log in to access University of Wollongong Library electronic resources

Access is limited to UOW students and staff. [\[Why do I need to log in?\]](#)

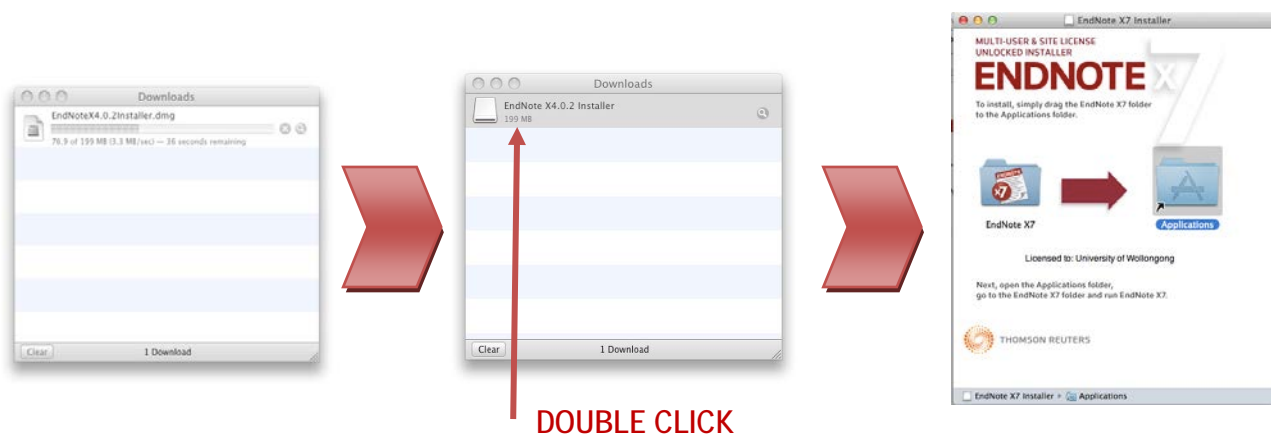

- Students: use your SOLS username/password
- Staff: use your staff username/password

Username:

Password:

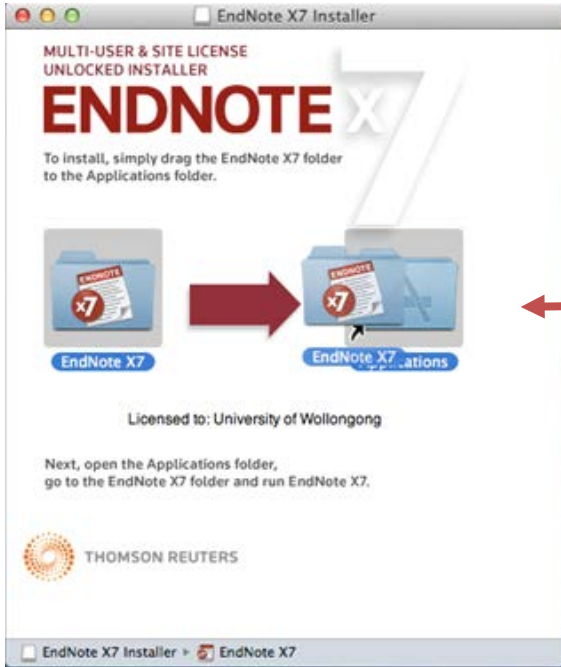

STEP 3

The download process will now commence. When completed you will have the downloaded .dmg file which should automatically mount the EndNote X7 Installer volume on your desktop. If the Installer volume is not mounted just double click on the EndNote X7Installer.dmg file.

STEP 4

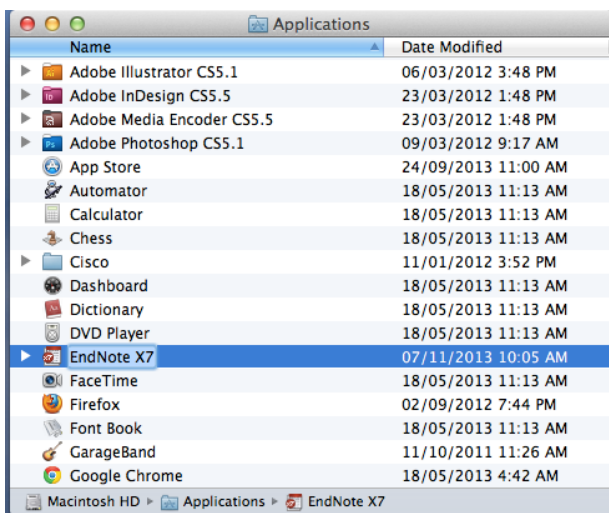

Opening the EndNote X7 Installer volume will present you with the window shown below:

Simply drag the EndNote X7 folder as shown onto the Applications folder to copy the software to the Applications folder on your computer.

STEP 5

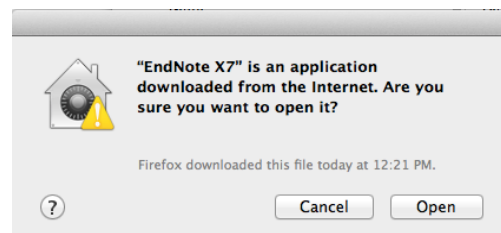

When the copy has completed click to open the Applications folder and then double click on the EndNote X7 folder inside it.

Double click on the EndNote X7 icon to launch the application.

You will then be presented with security warning dialogue.

Click **Open**

STEP 6

EndNote x7 will now launch. Follow the instructions to complete the installation
